MOSCOW TECHNICAL UNIVERSITY OF COMMUNICATION AND INFORMATICS (MTUCI)

- ❑ **MTUCI** was founded in 1921;
- ❑ About 8 000 students (including affiliated branches and college);
- ❑ Teaching stuff – 500;
- ❑ 9 faculties, including
  - ▪ Information technologies,
  - ▪ Radio and television,
  - ▪ Networks and communication system,
  - ▪ Economy and management,
  - ▪ Two Fundamental electro-communication sciences faculties,
  - ▪ Two Extramural training faculties,
  - ▪ Faculty of Advanced Learning and Refresher Courses etc.
- ❑ 41 departments;
- ❑ 3 academicians and corresponding members of The Russian Academy of Sciences;
- ❑ 88 Doctors and 267 Ph. Doctors

Research and training range

THE MAIN CAMPUS, 8A Aviamotornaya st. Moscow

Recreational and sports center «OKA RIVER»

THE 2nd CAMPUS, 32 Narodnogo Opolchenia st. Moscow

Congress center

Educational scientific range

Volga-Viatka Affiliated Branch, N.Novgorod

Northern Caucasus Affiliated Branch, Rostov-na-Donu

Telecom College

- **Information - communication Technologies and Communication Systems**
- **Radio Engineering**
- **Computer Science and Engineering**
- **Informational systems and technologies**
- **Automation of technological processes and Industries**
- **Control in engineering systems**
- **Information security of telecommunication systems (Specialty)**
- **Applied Informatics (in economics)**
- **Applied Mathematics**
- **Information Security**
- **Fundamental Informatics and Information Technologies**
- **Advertising and Public Relations**

RADIO RESEARCH AND DEVELOPMENT INSTITUTE (NIIR)
Department of Electromagnetic Compatibility and Radio Frequency Spectrum Management;

All-Russian Scientific Research Institute «ETALON»
The department of Radiocommunication Security

V. Kotelnikov Institute of Radio Engineering and Electronics
Department of Information Networks and Systems

«ROSTELECOM»
Department of fixed-line networks and systems

Russian Broadcasting and Alert Networks
Department of Systems and Networks of Mass Communications

«Association of Documentary Telecommunications»
Department of Electronic Data Interchange Technologies

1C company
Department of Corporate Information Systems

The Center for Monitoring and Development in the Field of Information and Communication Technologies
Department of Special Communication Systems

Central Research Institute of Communications
Department of Advanced telecommunication technologies and services

«I.T.Co»
Department of Structured cabling systems (SCS)

Kaspersky Lab
Scientific and educational center

- **MTUCI has been training international specialists since 1946**
- **Since then several thousands bachelors, masters and engineers have been trained**
- **More than 400 doctors and PhD's from 109 countries**

MTUCI cooperates with the largest international organizations in the field of telecommunications / ICT:

✓**The International Telecommunication Union (ITU),**
✓**The Institute of Electronics and Electrical Engineers (IEEE),**
✓**The European Telecommunication Standardization Institute (ETSI),**
✓**Regional Commonwealth in the field of Communications (RCC), etc.**

The joint work of MTUCI with 42 universities from 21 countries in Asia, Africa, Europe and the CIS.

International Student Exchange Programs:
✓ **Shanghai Dian Ji University,**
✓ **Mongolian University of Science and Technology,**
✓ **Wroclaw University of Science and Technology.**

International Scholarships:
✓ **Technical University of Dresden,**
✓ **University of Zilina,**
✓ **Wroclaw University of Science and Technology,**
✓ **Telecom Ecole de Management.**

☐ **International Academic European Rating ARES**   **58**

☐ **International rating QS of East Europe and Central Asia**   **174**

☐ **International QS rating of the BRICS countries**   **149**

Training centers founded by the leading telecommunication companies such as Nokia, Ericsson, Huawei, Unify on the base of MTUCI successfully operate

Every year at the centers of excellence, except thousands Russian and CIS technical specialists operators, more than 100 Russian and foreign students of MTUCI do production and pre- graduated training. Centers of excellence and holding companies organize various competitions and Olympiads. The winners of each competitions have an excellent opportunity to take part in an internships in headquarters of this companies.

THANK YOU!
